Re: Torvane Industrial Group, Inc. / Prescott Vane LLP —Withdrawal of Claim

Dear Ms. Stanhope:

We write on behalf of Torvane Industrial Group, Inc. with reference to our letter of November 14, 2024 and your response of January 21, 2025, with its accompanying production.

Torvane's current management and ownership had no knowledge of the June 9, 2011 correspondence or of the signed confirmation letter of the same date at the time our letter was sent. Neither document appears in any file or system transferred to the company's current ownership at the 2021 acquisition, and the company's present document platform holds no correspondence from the relevant era. Our client has now completed its review of the recovered materials produced with your response, including the October 2013 audit-response correspondence.

On that review, Torvane accepts that the scope of Prescott Vane's engagement under Matter 2011-0284 excluded the potential warranty claim against Brandt Thermal Systems, Inc.; that the election not to assert that claim was the company's own, made after written advice concerning its limitations consequences; and that the limitation was confirmed in writing by the company's then General Counsel and applied by her in 2013.

Accordingly, **Torvane withdraws, in its entirety, the claim presented in our letter of November 14, 2024**, and reserves no claim arising from the matters described in that letter.

Very truly yours,

/s/ Alan Garvey
