Terms

Net 30 from completion. Lead time on the rack is seven to nine days from purchase order; this configuration is a stock item. Price firm for 60 days from the date above.

Alternative considered and not recommended

Valve plate replacement in the existing CR-820: approximately \$18,400 including refrigerant recovery and recharge. **Not recommended.** See WO-114872 findings. Ledgerwood will perform this work on written instruction but will not warrant the rack beyond 90 days if it is elected.
